

What Can We Remember?

iPad Tips and Tricks

For this selection of exercises it is suggested that you work on them as a table group

Exercise 1

- Take a photo of each of the people at your table.
- Add each person on your table to your contacts (they can be deleted at the end of the session if you prefer)
- Add the photo you have taken of each of the people at your table to their contact details.

Exercise 2

- Open your *Browser* and type into one of the *Search Engine* (eg Google, Yahoo etc) type in Geronimo and find an image of this famous native American
- Select an image that appeals to you, save it to your device and send a **group email** it to the people at your table.

Exercise 3

- Either find a photo in your photo collection or take a photo of the room or someone in the room.
- Insert the photo into an email ready for another group email, **but before your send it this time reduce its size.**
- If you cant remember how to do this go work together to solve the task.

Exercise 4

- Open your *Browser* and using a *Search Engine* type in Sitting Bull Quotes. Look for an image with Sitting Bull and one of his quotes.
- Take a *Screen Capture* of the image and quote.
- Find where this image is now stored on your device , open it and crop it in edit.
- When edited to your satisfaction group email to the people on your table.

Exercise 6

- Open your Browser and type into your search 15 of Martin Luther King Jr's Most Inspiring quotes
- Find one of this inspirational man's quotes and copy and paste it a group email for your table.
